stratford notes

The Stratford web site has the latest information about Stratford software and the company and policies. For example, if you are ordering supplies, click the 'Download' or 'Orders' button on the left. You can download the price list and the order form any day, any time. We keep the web site updated so you are sure to have the current prices. Please note that we must have payment with orders now. The alternative was to have a significant price increase. •

Medicare will reject your claim if it does not have the NPI very soon. If you don't have your NPI, get it now. It only takes a few minutes if you apply online. See the URL on the back page. •

Pay online for support and supplies anytime. Just click 'online payment' on our main web site. This is much safer and faster than faxing the information to Stratford—also you will instantly get an email confirmation of the payment:

1. Visa or MasterCard
2. Pay Pal for all others.
3. Google checkout coming soon •

Some payers are going to begin testing ANSI X.12 v5010 EDI transaction sets soon. Be sure to maintain software support so you can stay up to date with changes. Remember you get 12 months support when you pre-pay for 10. •

You need to use **open-item posting**. That is the only way you can create HIPAA compliant claims. Contact Stratford support if you

FROM THE EDI CORNER

Stratford is fully compliant with the new HIPAA federal law as it applies to software vendors like us. We are ready to test version 5010 A1 with any payer. •

Stratford is now approved for v4010-A1 **direct transmission (no clearinghouse required)** to all Medicare contractors, California Denti-cal, Noridian BCBS, New York Department of Health—Medicaid, Mississippi Medicare Part B -BCBSAL, NHIC Medicare: (New England, North and South California), Noridian, United Government Services UGS, DMERC, Wisconsin Medicaid –Wimcaid, Premera Blue Cross Blue Shield Medicaid & Medicare, Sante Health Systems, Mid Rogue IPA, THIN, Rhode Island BCBS, Mass Health & Value Options, Medi-Cal / Central Coast Alliance—CA / Santa Cruz CA, Railroad Medicare, Regence Blue Cross Blue Shield/ THIN and Upstate New York. California Medi-Cal, Riverbend Medicare, Blue Shield of California, Blue Cross CA, Sutter Connect – Sacramento CA, Tricare. We have passed all the edits for Florida Medicare Part A & B— but the client must send real data for final approval.

We have recently added more high-speed internet data lines. You should consider re-

ceiving your updates via internet. Why wait 2-7 days and pay for postage and media. Increase your cash flow.

We have contracted with the **CareVU** clearinghouse: you can download their 2 sign-up forms from our web site in the ‘download’ section. Call Stratford support and start transmitting to **CareVu** quickly. Stratford customers are charged a flat fee per month and can transmit most commercial EDI claims at no per-claim charge. CareVU will print and mail your non-EDI—paper claims. •

MORE SUPPORT NOTES

Fees for supplies, handling and shipping. If we send anything to you that is tangible, like a CD, it will make the entire month’s support taxable as well as the CD. This is California regulation 1502 (conflicts with 1501). We do not agree with this, but we are forced to collect the tax. This only applies to California shipments. If you download your updates, you will save the cost of media and the tax. •

Note: Transmitting Medicare Claims. Medicare has not approved Internet transmission yet. It is good that you are getting or already have a broadband (DSL/Cable modem) connection. **Do not let your tech person remove your modem.** You still must have a dial-up line. •

Your clearinghouse may have setup fees and/or charge you for EDI claims, but Stratford does not. •

EDI “per-claim” charges

Stratford does not have any “per-claim” or other charges related to transmitting claims to Medicare or any other payer. We only charge (optional) for providing software support.

SOFTWARE SUPPORT NOTES

- 1 Email requests for support get Priority Service.
- 2 If you send an Email with your account number and a description of the problem, your call is given priority over other Emails and faxes and telephone calls.
- 3 Do not call more than one time. The second call places your first call at the bottom of our callback list.

We can receive many support requests in the first few hours each day. It usually is not possible for us to have a technical support person waiting to take your call. If you just call and leave the message "please call", your call is placed at the bottom of the callback list. We must do everything we can to avoid "phone-tag". Hand-written faxes can be almost impossible to read, so please type them whenever possible. Include the best time to call you.

At this time we can deliver support best by email. If you check your email each day, you may find this to be easier than faxing us. We check our email constantly — at least every 2 minutes. We are putting most of our resources into email and other methods that utilize the Internet.

If you download your update instead of using the mail, you will get immediate service, lowest cost and no tax. •

Stratford will pay you \$100 for each person* you refer who purchases Stratford Software at full price (\$895). Simply fax or write to give us your referral. **We must receive the referral notice in advance of the sale. We cannot pay for a referral if you notify us after the sale.**
