Volume 32.04

Healthcare EDI and Practice Management Software

April 2008

We will have our Las Vegas user meeting on April 12, 2008 at the Mandalay Bay hotel. See page 3 and our web site for more information. We will have limited support on Friday April 11. •

stratford notes

Many payers are rejecting claims if you do not use your NPI. It only takes a few minutes if you apply online. See the URL on the back page. •

Pay online for support and supplies anytime. Just click 'online payment' on our main web site. This is much safer and faster than faxing the information to Stratford—also you will instantly get an email confirmation of the payment:

- 1 Visa or MasterCard
2. Pay Pal for all others including American-Express. •

You should be using **open-item posting**. That is the only way you can create HIPAA compliant claims. Contact Stratford support if you need help. •

We are interested in collecting claims from our clients and then we would send them to various payers and clearinghouses. The advantage for our clients would be transmitting everything to one place. You could even transmit claims to be printed. We would use ftp so there would not be any BBS problems like you now have. The advantage for us would be easier support—fewer phone calls and problems that are not related to Stratford Software. If you are interested, let us know. •

The Stratford web site has the latest information about Stratford policies. If you are ordering supplies, click the 'Download' or 'Orders' button on the left. You can download the price list and the order form any day, any time. We keep the web site updated so you

Stratford has almost **6,100** licensed users

are sure to have the current prices. •

Integrated EHR. You can print the Electronic Health Record using your laser printer for your paper chart/faxing, etc. You can see the patient's allergies and prescriptions in a table on the same screen. **ePrescriptions** are integrated with the program. You can print or fax them. •

For the **fastest Support:** Please put your account number (the one on your monthly statement) at the top of your email. We have more than 6,000 clients now. This will insure the fastest support. •

You can auto-pay your bill by having credit card information on file. If you pre-pay for 10 months, you receive the 11th & 12th months at no charge. •

Pre-paid support clients should use email for the fastest response:

support@stratfordsoftware.com

You can find Stratford's Internet server at this address:
<http://www.stratfordsoftware.com/>

Training Classes **Stratford Software Basic Training**

By phone
by Appointment only

Call for an appointment at least three days in advance. On-site training with a certified Stratford trainer may be available (*by appointment only*). The minimum cost is \$295 plus costs.

FROM THE EDI CORNER

Stratford is fully compliant with the HIPAA federal law as it applies to software vendors like us. We are ready to test version 5010 A1 with any payer. •

Stratford is approved direct transmission (no clearinghouse required) to all Medicare contractors, California Denti-cal, CEDI (DMERC claims), Anthem BC, Noridian BCBS, Availity, New York Department of Health—Medicaid, Mississippi Medicare Part B -BCBSAL, NHIC Medicare: (New England, North and South California), United Government Services UGS, Wisconsin Medicaid – Wimcaid, Premera Blue Cross Blue Shield Medicaid & Medicare, Sante Health Systems, Mid Rogue IPA, THIN, Rhode Island BCBS, Mass Health & Value Options, Medi-Cal / Central Coast Alliance—CA / Santa Cruz CA, Railroad Medicare, Regence Blue Cross Blue Shield/THIN and Upstate New York. California Medi-Cal, Riverbend Medicare, Blue Shield of California, Sutter Connect – Sacramento CA, Tricare. We have passed all the edits for Florida Medicare Part A & B—but the client must send real data for final approval.

We have high-speed internet data lines. You should consider receiving your updates via

internet. Why wait 2-7 days and pay for postage and media. Increase your cash flow.

Blue Cross of California is going to use GatewayEDI as their enterprise clearinghouse. Stratford supports GatewayEDI now and we are happy to set you up to transmit ALL your claims—even paper claims to GatewayEDI. •

Note: Transmitting Medicare Claims. Medicare has not yet approved Internet transmission. It is good that you are getting or already have a broadband (DSL/Cable modem) connection. **Do not let your tech person remove your modem.** You still must have a dial-up line. •

Your clearinghouse may have setup fees and/or charge you for EDI claims, but Stratford does not. •

MORE SUPPORT NOTES

Fees for supplies, handling and shipping. If we send anything to you that is tangible, like a CD, it will make the entire month's support taxable as well as the CD. This is California regulation 1502. We are forced to collect the tax. This only applies to California shipments. If you download your updates, you will save the cost of media and the tax. You should consider having a clearinghouse like Gateway EDI print your claims. •

We are planning to move to a SQL database in the future. This will allow encryption and backup while using the data. If you are interested, please let us know. •

EDI “per-claim” charges

Stratford does not have any “per-claim” or other charges related to transmitting claims to Medicare or any other payer. We only charge (optional) for providing software support.

**Please fax this if you would like to reserve a space at the
user meeting April 12, 2008 (Saturday only)
Fax to: (650) 344-1073**

**The meeting will be in Las Vegas, NV. at the Mandalay Bay hotel
(Please see the main web site for the latest information)**

1. Saturday morning—8:00am—3:00pm will be a general meeting where you can see some new things with the windows version of the software, ask questions, etc.
2. Refreshments will be served.
3. The cost is \$199 per attendee.
4. Accounts that subscribe to software support continuously for at least one year or since purchasing the software may attend for \$98 for each attendee from that account if reserved and paid before April 5th, 2008.

See our website for more information.

SOFTWARE SUPPORT NOTES

- 1 Email requests for support get Priority Service.
- 2 If you send an Email with your account number and a description of the problem, your call is given priority over other Emails and faxes and telephone calls.
- 3 Do not call more than one time. The second call places your first call at the bottom of our callback list.

We can receive many support requests in the first few hours each day. It usually is not possible for us to have a technical support person waiting to take your call. If you just call and leave the message "please call", your call is placed at the bottom of the callback list. We must do everything we can to avoid "phone-tag". Hand-written faxes can be almost impossible to read, so please type them whenever possible. Include the best time to call you.

At this time we can deliver support best by email. If you check your email each day, you may find this to be easier than faxing us. We check our email constantly — at least every 2 minutes. We are putting most of our resources into email and other methods that utilize the Internet.

If you download your update instead of using the mail, you will get immediate service, lowest cost and no tax. •

Stratford will pay you \$100 for each person* you refer who purchases Stratford Software at full price (\$895). Simply fax or write to give us your referral. **We must receive the referral notice in advance of the sale. We cannot pay for a referral if you notify us after the sale.**
